SAMPLE SCRIPT FOR EXPRESSING YOUR DEMAND

No good reason exists for the conditions where tens of millions of Americans live in poverty and the middle class is shrinking, while 400 Americans have \$2.4 trillion, and national wealth is at historic highs. The \$2.4 trillion of 400 Americans is more than the total wealth of the least wealthy 190 million Americans—an obscene level of inequality. Wealth, income, and power has been concentrating into a small elite during both Democratic and Republican administrations and Congresses for 40 years and the rate of growth in wealth inequality between this elite and everyone else is increasing. Congress is continuing to fail to represent the will of the majority of Americans on this issue of fundamental importance. No policy proposed by Congressman/woman (name of your representative) or considered by Congress to solve our extreme inequality problem is inadequate. This is no longer acceptable.

The first two policies detailed in the book *The New Enlightenment* well serves the need to significantly reduce inequality, end poverty, and create a far larger and more prosperous middle class. A summary of Policies 1 and 2 and their full text excerpted from *The New Enlightenment* is on The Movement page of www.newenlightenment.us. We must institute these robust solutions to our extreme inequality problem. I will only support candidates that work to institute these policies. Please contact me with the decision of Congressman/woman (name of your representative) on whether he/she will work to institute Policy 1 and 2 from *The New Enlightenment*. Thank you.

If sufficient numbers of constituents use the script as is, it will be effective, but if you would put some or all of it into your own words it may be more effective.

Some evidence exists that the following are the most influential routes of contact to your Congressperson or Senator, in order of effectiveness:

1. Phone call to their district or state office. (Start the call with a request that your statements and policy request be recorded)
2. Phone call to their DC office.
3. Letter to their district or state office.
4. Letter to their DC office
5. Email

THE NEW ENLIGHTENMENT CITIZENS UNION

The New Enlightenment
A 21st Century Peaceful American Revolution

OUR MOVEMENT

The New Enlightenment Citizens Union is the organization for people united to grow the number of citizens advocating for the institution of *The New Enlightenment's* economic and political system advancement program. If enough of us join together the pressure on policymakers to institute the program will be irresistible. Many examples in history exist where large numbers of people striving for justice overcame great odds to achieve their goal of major public policy change.

Eventually, it will likely be necessary to form a new political party. 60% of Americans polled said that a third major party is needed, the highest Gallup has ever measured. Both major political parties are serving the country poorly.
